**The Economic Solution**

A  
decentralized  
society with direct  
democracy and removal of lobbyism  
from the administration of the country

## ECONOMY

- The Constitution: "Only the King can mint coins". No foreign-controlled interests shall determine the amount of money in circulation in Denmark.
- Taxation of people is replaced by other sources of income. NB: State revenues maintained at the same level.
- Tax revenue to come from tax on digital transfers of money, import tax is "climate friendly" and property tax on all property except people's primary residence.
- Interest-free mortgages for people's primary residence.
