

The United Nations 2030 Agenda decoded: It's a blueprint for the global enslavement of humanity under the boot of corporate masters

- by Mike Adams, Health Ranger, Sep 2015, [LINK](#)

This week, Michael Snyder published an important article entitled [The 2030 Agenda: This Month The UN Launches A Blueprint For A New World Order With The Help Of The Pope](#), [LINK](#)

That article references [this UN "2030 Agenda" document](#), [LINK](#), that pushes a blueprint for so-called "sustainable development" around the world.

This document describes nothing less than a global government takeover of every nation across the planet. The "goals" of this document are nothing more than code words for a corporate-government fascist agenda that will imprison humanity in a devastating cycle of poverty while enriching the world's most powerful globalist corporations like Monsanto and DuPont.

In the interests of helping wake up humanity, I've decided to translate the 17 points of this 2030 agenda so that readers everywhere can understand what this document is really calling for. To perform this translation, you have to understand how globalists disguise their monopolistic agendas in "feel good" language.

Here's the point-by-point translation. Notice carefully that nowhere does this document state that "achieving human freedom" is one of its goals. Nor does it explain HOW these goals are to be achieved. As you'll see here, every single point in this UN agenda is to be achieved through centralized government control and totalitarian mandates that resemble communism.

Translation of the UN's "2030 Agenda blueprint for globalist government" (controlled by corporate interests)

1 NO POVERTY

Goal 1) End poverty in all its forms everywhere

Translation: Put everyone on government welfare, food stamps, housing subsidies and handouts that make them obedient slaves to global government. Never allow people upward mobility to help themselves. Instead, teach mass victimization and obedience to a government that provides monthly "allowance" money for basic essentials like food and medicine. Label it "ending poverty."

2 ZERO HUNGER

Goal 2) End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Translation: Invade the entire

planet with GMOs and Monsanto's patented seeds while increasing the use of deadly herbicides under the false claim of "increased output" of food crops.

Engineer genetically modified plants to boost specific vitamin chemicals while having no idea of the long-term consequences of genetic pollution or cross-species genetic experiments carried out openly in a fragile ecosystem.

3 GOOD HEALTH AND WELL-BEING

Goal 3) Ensure healthy lives and promote well-being for all at all ages

Translation: Mandate 100+ vaccines for all children and adults at gunpoint, threatening parents with arrest and imprisonment if they refuse to cooperate. Push heavy medication use on children and teens while rolling out "screening" programs. Call mass medication "prevention" programs and claim they improve the health of citizens.

education under "Common Core" education standards that produce obedient workers rather than independent thinkers. Never let people learn real history, or else they might realize they don't want to repeat it.

4 QUALITY EDUCATION

Goal 4) Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Translation: Push a false history and a dumbed-down

education under "Common Core" education standards that produce obedient workers rather than independent thinkers. Never let people learn real history, or else they might realize they don't want to repeat it.

5 GENDER EQUALITY

Goal 5) Achieve gender equality and empower all women and girls

Translation: Criminalize Christianity, marginalize heterosexuality, demonize males and promote the LGBT agenda

everywhere. The real goal is never "equality" but rather the marginalization and shaming of anyone who expresses any male characteristics whatsoever. The ultimate goal is to feminize society, creating widespread acceptance of "gentle obedience" along

with the self-weakening ideas of communal property and "sharing" everything. Because only male energy has the strength to rise up against oppression and fight for human rights, the suppression of male energy is key to keeping the population in a state of eternal acquiescence.

6 CLEAN WATER AND SANITATION

Goal 6) Ensure availability and sustainable management of water and sanitation for all

Translation: Allow powerful corporations to seize control of the world's water supplies and charge monopoly prices to "build new water delivery infrastructure" that "ensures availability."

7 AFFORDABLE AND CLEAN ENERGY

Goal 7) Ensure access to affordable, reliable, sustainable and modern energy for all

Translation: Penalize coal, gas and oil while pushing doomed-to-fail "green" energy subsidies to brain-dead startups headed by friends of the White House who all go bankrupt in five years or less. The green startups make for impressive speeches and media coverage, but because these companies are led by corrupt idiots rather than capable entrepreneurs, they always go broke. (And the media hopes you don't remember all the fanfare surrounding their original launch.)

8 DECENT WORK AND ECONOMIC GROWTH

Goal 8) Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Translation: Regulate small business out of existence with government-mandated minimum wages that bankrupt entire sectors of the economy. Force employers to meet hiring quotas of LGBT workers while mandating wage tiers under a centrally planned work economy dictated by the government. Destroy free market economics and deny permits and licenses to those companies that don't obey government dictates.

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

Goal 9) Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Translation: Put nations into extreme debt with the World Bank, spending debt money to hire corrupt American corporations to build large-scale infrastructure projects that trap developing nations in an endless spiral of debt. See the book Confessions of an Economic Hit Man by John Perkins to understand the details of how this scheme has been repeated
