

countless times over the last several decades.

Goal 10) Reduce inequality within and among countries

Translation: Punish the rich, the entrepreneurs and the innovators, confiscating nearly all gains by those who choose

to work and excel. Redistribute the confiscated wealth to the masses of non-working human parasites that feed off a productive economy while contributing nothing to it... all while screaming about "equality!"

Goal 11) Make cities and human settlements inclusive, safe, resilient and sustainable

Translation: Ban all gun ownership by private citizens, concentrating guns into the

hands of obedient government enforcers who rule over an unarmed, enslaved class of impoverished workers. Criminalize living in most rural areas by instituting Hunger Games-style "protected areas" which the government will claim are owned by "the People" even though no people are allowed to live there. Force all humans into densely packed, tightly controlled cities where they are under 24/7 surveillance and subject to easy manipulation by government.

Goal 12) Ensure sustainable consumption and production patterns

Translation: Begin levying punitive taxes on the consumption of fossil fuels and

electricity, forcing people to live under conditions of worsening standards of living that increasingly resemble Third World conditions. Use social influence campaigns in TV, movies and social media to shame people who use gasoline, water or electricity, establishing a social construct of ninnies and tattlers who rat out their neighbors in exchange for food credit rewards.

Goal 13) Take urgent action to combat climate change and its impacts

Translation: Set energy consumption quotas on each human being and start punishing

or even criminalizing "lifestyle decisions" that exceed energy usage limits set by governments. Institute total surveillance of individuals in order to track and calculate their energy consumption. Penalize private vehicle ownership and force the masses onto public transit, where TSA grunts and facial recognition cameras can monitor and record the movement of every person in society, like a scene ripped right out of Minority Report.

Goal 14) Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Translation: Ban most ocean fishing, plunging the food

supply into an extreme shortage and causing runaway food price inflation that puts even more people into economic desperation. Criminalize the operation of private fishing vessels and place all ocean fishing operations under the control of government central planning. Only allow favored corporations to conduct ocean fishing operations (and make this

decision based entirely on which corporations give the most campaign contributions to corrupt lawmakers).

Goal 15) Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Translation: Roll out Agenda 21 and force humans off the land and into controlled cities. Criminalize private land ownership, including ranches and agricultural tracts. Tightly control all agriculture through a corporate-corrupted government bureaucracy whose policies are determined almost entirely by Monsanto while being rubber-stamped by the USDA. Ban woodstoves, rainwater collection and home gardening in order to criminalize self-reliance and force total dependence on government.

Goal 16) Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Translation: Grant legal immunity to illegal aliens and "protected" minority groups, which will be free to engage in any illegal activity -- including openly calling for the mass murder of police officers -- because they are the new protected class in society. "Inclusive institutions" means granting favorable tax structures and government grants to corporations that hire LGBT workers or whatever groups are currently in favor with the central planners in government. Use the IRS and other federal agencies to selectively punish unfavorable groups with punitive audits and regulatory harassment, all while ignoring the criminal activities of favored corporations that are friends of the political elite.

Goal 17) Strengthen the means of implementation and revitalize the global partnership for sustainable development

Translation: Enact global trade mandates that override national laws while granting unrestricted imperialism powers to companies like Monsanto, Dow Chemical, RJ Reynolds, Coca-Cola and Merck. Pass global trade pacts that bypass a nation's lawmakers and override intellectual property laws to make sure the world's most powerful corporations maintain total monopolies over drugs, seeds, chemicals and technology. Nullify national laws and demand total global obedience to trade agreements authored by powerful corporations and rubber-stamped by the UN.

Total enslavement of the planet by 2030

As the UN document says, *"We commit ourselves to working tirelessly for the full implementation of this Agenda by 2030."*

If you read the full document and can read beyond the fluffery and public relations phrases, you'll quickly realize that **this UN agenda is going to be forced upon all the citizens of the world through the invocation of government coercion.** Nowhere does this document state that the rights of

the individual will be protected. Nor does it even acknowledge the existence of human rights granted to individuals by the Creator. Even the so-called "Universal Declaration of Human Rights" utterly denies individuals the right to self defense, the right to medical choice and the right to parental control over their own children.

The UN is planning nothing less than a **global government tyranny** that enslaves all of humanity while calling the scheme "sustainable development" and "equality".

1984 has finally arrived. And of course it's all being rolled out under the fraudulent label of "progress".

Satanism doesn't mean worshipping a red guy with horns. Satanism means taking that which is righteous and natural, and inverting it. Most of society is satanic, and they don't even know it.

NEVER WORRY about who will be offended if you speak the TRUTH. Worry about who will be misled, deceived & destroyed if you don't.
