FEMINISM FRAUD

Nicholas Rockefeller asked me, "Hey Aaron, what do you think women's lib was about?" I had conventional thinking about it, so I said, "well, it gave women the right to work, have equal pay with men and gave them the right to vote!" He (Nicholas) laughed at me and said "You're an idiot! Let me tell you what that was about. We the Rockefellers funded women's lib. There were two primary reasons: So we could tax the other half of the population and we could get their kids in public school to indoctrinate them. The state would then become the parents of the children." Up until that point, I thought women's lib was a noble and righteous movement. - Aaron Russo
